JACK PINE'S STUMP

Well, one wish came true. Another one, too. The University of Michigan suffered one of the most disastrous defeats of its football history Saturday, and Jack Pine hasn't lost a buck yet. Maybe I won't get a buck this year, but there are always other years. But such is the case with the University. It will be a long time before the coaches, sportswriters and the public will forget what is probably one of the most outstanding displays of poor sportsmanship ever witnessed on a football field. The final minutes of the game Saturday with Ohio State in Ann Arbor, in which two Michigan players—one of them All-American contender Ron Kramer—were thrown off the field by the referees, were marked with one personal penalty after another. Michigan wanted to win that game; it meant a lot to them. But with defeat, certain defeat facing them, the individual players had no qualms about using whatever means necessary to win. The referees, who were supposed to be impartial, were not. Michigan penalties, based on this inability to lose gracefully, set up another touchdown for Ohio State. The University had better face up to the fact that Ohio State won the game on superior ability.

A while ago a fine couple left Grayling to work and live elsewhere. After a time, the man joined the Air Force. About this time the wife decided to move to Grayling, where she had nothing better to do, spread the news around that she had joined the Air Force because of wife trouble. Further it was noted about the couple that she was a very busy body character, and that she was always talking about anything else you might want to think of. Now Jack Pine hates to be a kill joy and deprive these busy-body character assassins of their only claim to fame, but I do think you should know that all this yapping reached the young couple and they have written to various local people stating that they are happy indeed together, and they can't imagine where such a tale could have started. They are always laughing about it, though they laughed off the whole thing.

I never knew a truly happy person who talked about other people. And I've always found that the more you talk about other people, the weaker they are. These people who talk about and complain about others will usually gain sympathy, but never respect.

Down at St. Joseph's Seminary in Grand Rapids, young Tom Galvani was listening to remarks to the effect that some First Classmen shaved. So First Classmen Tom Galvani shaved. He shaved for two years, now and I cut myself both times.

A few weeks ago I wrote a story about a pet otter that was kept in a cage. I mentioned that the otter was a pet of a man named Jimmie. I checked the tale with a few people and wrote it with as many of the facts as I could gather. But, who to Jack Pine? Jimmie, a California coast a student of the other from T. W. "Hansie" who knew the otter. Jimmie, the otter, says M. Hanson, never bit a dog. The dog chased him. The dog stuck his nose under the otter's side. Jimmie would put his hand on the otter's back. Jimmie's best pal was a husky dog owned by Bob Burton, who was a hotel near the depot. When the afternoon train from Grand Rapids arrived, Jimmie and the dog would go to the depot and wait for their friends in the river, after which they would stretch out in the sun, the little otter drying himself between the first rays of the dog, Jack Pine. Jimmie argued with anyone about Jimmie. He never knew him. Thanks to Mr. Hanson for the story of Jimmie, though. Jack Pine would like to hear more about the otter. Mr. Hanson or anyone else who has information about the otter, please write to me. How about it?

Jack Pine doesn't like to see Jimmie leave the Conservation Department. He's a good forester, conscientious, hard-working and capable. But it is a sad and true fact that private industry can and does pay better salaries to capable foresters and state employees. I can't blame a man for trying to improve himself. But the only good that I can see in Jimmie's leaving is in the knowledge that pulp and paper companies are hiring foresters in order to learn more about conserving and managing forest lands. We're sorry to see you leave, Jim, but lots of good luck in the new job.

Incidentally, the Boys at Camp Lehigh now have a new building. One is in the newly-constructed chapel and the other in the recreation hall. I still can't find out who was so generous, but whoever you are, many thanks from the boys and men at Camp Lehigh. And from

Two Grayling High students are shown at work in the Grayling School Forest in the photo above. One student is lopping the limbs from a fallen tree while the other student is scaling the log for cutting into length for pulpwood.

By Wesley Kumpula
Editor's Note—The following is the first in a series of articles to be written by members of the faculty of the Grayling Public Schools. The series will cover just about every grade and activity in the schools and should prove most interesting, not only to parents but to every citizen within the Grayling School District.

On May 11, 1950, the application of Grayling High School for a forty acre plot, to be used as a school forest was approved by the Conservation Department at Lansing. This was obtained for a school forest in Grayling, Michigan District Number 1 which now holds the deed.

It is ideally located, being only one mile east of the high school near the Grayling Fish Hatchery. This makes its use as a school laboratory very satisfactory, considering the time element involved and the short distance required to transport students. All activities are carried on during the regular class periods of one and a half hours.

The plot has a stand of mostly Jack pine with a few Norway and oak trees comprising the rest of the wooded area. Activities carried on have stressed selective logging and reforestation, as well as recreation. Students have been constructing and painting signs marking the site. Lines were run to establish the boundaries. Students mapped the area showing the type of trees now growing and the location of roads and trails. Pruning trees has been practiced. Future plans call for the cutting of oak firewood. A power chain saw may be obtained by next year to speed production. They have learned to identify the various trees and estimate the amount of timber from them, using a diameter tape. During the past five years over \$600.00 worth of Jack pine pulpwood has been harvested and sold to local jobbers. The money so obtained is used to buy tools and for other expenses of operating the school forest program. Some of the larger Jack pine trees were sawed into lumber by a local saw mill for use in the woodworking shop. This lumber was then taken to a local lumber yard and run through a planer by the students for additional experience.

Interplanting of Norway Pine in the open spaces has been carried on yearly. Seedlings are obtained from the Higgins Lake State Forest free of charge. Approved methods of planting are practiced. Planting tools are borrowed from the Forestry Division of the local Conservation Department. The northeast corner has been cleared of underbrush. A well for drinking water was driven and a pitcher pump attached by the students. One firetrap has also been constructed on the area with more to be added at some future date. These activities have been carried on by members of the eighth, ninth and tenth grade industrial arts classes.

It is hoped the school forest will provide experience of value during the coming year, and by holding the planting and harvesting projects to a reasonable amount, the area should provide a continuous laboratory for as large a number of our students as possible.

Last Sunday Mr. and Mrs. Clarence Valencourt of East Jordan, parents of Mrs. Fred Bishaw, celebrated their 50th wedding anniversary with an open house. Among those attending were Mr. and Mrs. Fred Bishaw and Susie; Mr. and Mrs. James Baker and Jimmy; Mr. and Mrs. James Duley and Mary Kay and Dianne; Mr. and Mrs. Robert Holzman and Mrs. Harold Goinick and Julie.

Guests for the first few days of the deer season at the Azro Day were Mrs. Wallace Kometter and his brother, Joseph, of Belleville. Mr. and Mrs. Bernard Hall entertained his brothers, Robert and Vern Hall, and mother, Mrs. Marie over the week end. Mr. and Mrs. Robert Zing were also guests. All are from Bay City.

Mrs. Edna McEvers, Mrs. Maggie Leverton, Ione Lett and Mrs. Wm. Hunter called on Mrs. G. D. Vallad in Kalkaska Monday afternoon. Maggie Leverton's son-in-law, Wilford Wills of Detroit is in West Branch Hospital. He was here with his brother, Lewis, deer hunting and was involved in a wreck the other side of West Branch. He hit a tree to avoid hitting another car that turned left in front of him. This happened Saturday. The car was completely demolished. His brother, Lewis, was cut up and badly bruised, but went home to Detroit.

Mr. and Mrs. Joe Bielski attended the basketball game in Traverse City last Friday between Northwestern and Bay City, in which Northwestern was victorious. They were accompanied by their son, Marvin, to Detroit on Saturday, returning Sunday. Marvin appeared on WPBN TV last Thursday as a guest of Deputy Don and Friday as one of the first five on Northwestern's team following the game.

Vikings Open Cage Season Next Thurs. With Red Devils

Weather Hits Deer Season

Chill, wet weather greeted Michigan's deer hunting army for the November 15 opener of the 1955 season, but it failed to make much of a dent in hunter enthusiasm.

An estimated 375,000 hunters were in the woods for the opener, and the total skipped to about 400,000 before the end of the first week of hunting.

The United States weather bureau at East Lansing predicted rain, snow and colder weather for the upper and northern lower peninsulas for the first five days of the season.

The Conservation Department predicted 65,000 deer would be taken during the 16-day statewide season and if the season follows the pattern of previous years, 20,000 of these would be taken the first day.

The Department is making its usual roadside traffic and kill studies and will have a more complete field summary at the end of the season.

The lone opening day tragedy in this area was the death of Harry Cousineau, 54, of Adrian who passed away at Grayling Mercy Hospital following a heart attack suffered shortly after he had killed his deer.

The only gun shot victim reported in Crawford County during the first week of season was Oliver J. Reau, 30, of Dundee who was struck in the small of the back and died here Wednesday in South Branch Township.

Following surgery at Grayling Mercy Hospital, Reau was described as progressing nicely. Sheriff John A. Papendick, who investigated the shooting, reported that the shot was fired by William R. Adrian, 46, of Blissfield who was hunting with the victim. The two men were walking along when Adrian slipped and fell. His fall triggered the gun and when he brushed the snow from the firearm, it discharged.

Kiwanis Club Notes

The proper use of hand tools was the theme of a full color cartoon screened as the program at the weekly meeting of the Kiwanis Club of Grayling held Monday evening at the Lone Pine Inn.

The cartoon issued by the Walt Disney Studios was shown by Second Vice President Joseph Stripe and was most interesting and informative. He was introduced by First Vice President Willard Cornell who is in charge of the program.

It was announced that the club would again have a Christmas tree lot this season which will be handled by a committee chairmanned by Herbert Wolff.

And behind each child stands a red double-barred cross, as a promise of protection, added Theodore J. Werle, executive secretary of the state Christmas Seal organization.

Christmas Seals represent the aged tradition of giving presents at Christmas time. Werle emphasized. The seals also represent a newer tradition—that of individual giving for the welfare of the entire community.

These little seals do a big job fighting TB all year long by telling the TB story to people in Michigan, by helping find unknown cases of the disease, by carrying on research studies, and in many other ways, Werle added.

The Christmas Seal campaign lasts through December.

Mr. and Mrs. Dwight Reava are pleased to announce the arrival of a baby daughter at the Clark Clinic, Mt. Pleasant, on Saturday, November 19th. Happy grandparents of the little girl, who weighed 8 1/2 pounds when she was born, are Mr. and Mrs. Vince.

Grayling Scout Troop Is Re-Chartered

Troop 77, Grayling's own Boy Scout Troop, has been re-chartered and its members re-registered and the committee reorganized.

The new committee is composed of the following: Institutional Representative, Lyne Bilsby; committee chairman, George Schiabo, Jr.; committee members, Ernest Larson and Ted Wheeler. The new Scoutmaster is Claude Halstead, Jr., and assistant scoutmaster is Clyde Koch.

The committee agreed to finance the reorganization of all previous members and give each scout, new and old, the magazine "Boys Life" for the coming year.

To help replace the treasury funds the troop is having a baked goods sale, Saturday, November 19th, 8:30 A. M. to 2 P. M. at the B-C-D Co. Store in Grayling. If you need any delicious baked goods come and see the selection.

We have a roster of 82 active boy scouts at the present. We are extending the invitation to all boys aged 11 to 18 years old interested in scouting, to come to our meetings on Tuesday evening at 7 o'clock at the Sportsman's Hall.

We now have new patrol leaders and new assistants. Jerry Larson is the 1st Patrol leader and Mike Jones is the assistant. The 2nd Patrol is led by George Clark and the 3rd by Crouch the 4th by B. J. Jones. The 5th patrol is led by Jimmy Sorenson is the assistant.

Frederic Eagles Drop First Cage Contest

The Frederic Eagles under their new coach, Dick Ebert dropped their first basketball game of the season last Friday night to Merritt 44 to 31 score.

Points counted out the big birds as four of their first five left the game late in the third quarter and the fourth quarter. Up to the start of the final period, Frederic enjoyed a bulge in the score again.

Bob Pratt with 10 points on four field goals and a pair of foul shots led the Frederic scoring. The Eagles held a 17 to 13 half time advantage. Frederic travels to Bellaire on November 29th for their next game. During last season Bellaire downed the Eagles twice during the regular season but Frederic gained revenge by dumping Bellaire in tournament play.

Two Injured In Accidents

Two persons suffered injuries in a rash of auto accidents brought on by increased traffic of deer season and the bad driving conditions. There have been many property damage collisions in which no one was injured but damage to cars have run into the thousands.

Mr. June Martin, 38, of Grayling suffered lacerations of the right leg and was hospitalized as the result of an accident on the north Downriver Road last Friday night. She was riding in a vehicle driven by John A. Winesler, 26, of Fowlerville. The car skidded on a patch of ice, left the road and hit a telephone pole about 5 miles east of Grayling. The accident which occurred about 8:45 p. m. was investigated by Deputy Sheriff Rella Felling.

Bob Lapp, 28, of Detroit suffered cuts on the right shoulder and arm in an accident that took place about 3 p. m. last Saturday afternoon on US-27, one mile south of Grayling. Sheriff Papendick investigated and reported that Lapp was a passenger in a car driven by Lawrence W. Ingales, of St. Clair Shores. Ingales was attempting to pass a car and applied his brakes when a car appeared headed towards him. The car went into a skid, leaving the road and overturning, the Sheriff reported.

Governor Reappoints John Bruun To State Board

Last week Gov. G. Mennen Williams reappointed John Bruun to the advisory board of the State Accident Fund.

Mr. Bruun is now serving his thirty-fourth term on the board and the present time is chairman of the board. The appointments are recommended by employers contributing to the accident fund.

The Grayling man's reappointment was one of several made last week by the state's chief executive.

MARRIAGE ANNOUNCED

Miss Marian O'Connor, daughter of Mr. and Mrs. Arthur O'Connor of Grayling, became the bride of James Williams, son of Mr. and Mrs. Burton Williams of Roscommon, Saturday, November 12 at Markey parsonage, with the Rev. John Dosh performing the ceremony. The young couple will make their home in Roscommon in Howard Brighton's apartments.

Lee Finstad of Bay City spent a week with his aunt and uncle in Grayling.

Heavy Drills To Continue This Week

The Viking basketball squad of Grayling High School will get their 1955-56 season under way a week from today when they entertain the East Jordan Red Devils in a dedication game in the new Grayling gym on December 1st.

Coach Bruce Smith is driving his varsity squad through a series of heavy workouts both on defensive patterns and offensive plays. Coach Larry Baumann also has been working out the reserve squad in hard drilling for the opening game.

A dedication program is being set up to be presented during halftime of the varsity game which will include a presentation of the new building to the school board and a dedication of it.

The East Jordan Red Devils, who last year twice defeated the Vikings in regular season play and then dropped them in a double "sudden death" overtime at Gaylord for the District championship, will not be as strong this year, it would appear. Back from a team that wrote a 15 win, 4 loss record last year, is one lone regular starter. He is Dick Johnson. Also returning are two defenders who won letters but were not regulars, they are Jerry Harrington and Jerry O'Brien. Five juniors are moving up from last year's reserve squad, they are Cal Darbee and Larry Woodcock, forwards and Ray Walker, center and Gareth Thompson and Jack Ingalls, guards.

Viking coach Bruce Smith has four regulars back from last year's team: They are Lloyd Felling, David Lowe, Leslie Kenyon, and Bob Strong. Also letter winner Gary Worden who saw a lot of action will return. Others moving up are Aubrey Welch and Tony Doremire, guards and Gary Leslie and Dale Rohde at forwards.

The power of the Northern Class C Conference for the cage season seems to be held by Boyne City, Charlevoix and Pellston. Boyne has six returning regulars, Pellston has five, Charlevoix, Harbor Springs and Gaylord, three each with Mancelona having two.

Coach Don Carey at Charlevoix has a total of seven lettermen while Coach Paul Fahler at Boyne City has six other players with experience to add to his returning lettermen.

Coach Al Grucius at Pellston has two seniors with lots of experience to add to his five returning regulars. At Harbor Springs, new Coach Brian Davis has six quite experienced basketball players to add to his three returning regulars. Coach Paul Skittka at Gaylord will have three returning regulars plus two other lettermen and a group of seven moving up from the reserves. At Mancelona, Coach Jake Echurman has only two returning regulars. He has two other lettermen who saw limited action and is moving a group of eight juniors and sophomores up from the reserves.

Coach Smith in reviewing his squad said that a sprained ankle suffered by Bill Kenyon has some what upset his timetable and more time must be spent on Dale Rohde and Gary Leslie. Gary Worden will see some action at center this year to add depth to that post. Worden is only about a half step away from being one of the conference's best. Coach Smith said if he gets ahead of the game and begins to anticipate things he'll be a whiz.

Some boys have shown decided weakness on defense and drills will pinpoint them. Ball control will get plenty of attention. Coach Smith added that a couple of boys who have been busy with the Senior Play will be out this week which will make for better practice sessions. The cage squad will get only Thanksgiving Day off, as plans call for no let up in practice till the first of next week.

Bright spots thus far, the Viking mentor stated, were the better than expected performance of the guard, Dave Lowe who improved

GIVE THANKS!

Where in all the world can we find a nation which has more reason to thank Almighty God than these United States?

Richly blessed with mineral resources, with amber waves of ripening grain, with almost endless miles of fruitful plains, and with an industrial potential which has made possible a standard of living unequalled anywhere else on earth, the United States has been the recipient of God's blessings as no other nation in all history.

Will the churches of America be crowded on this Thanksgiving Day? Will American citizens heed the call of their President to express their gratitude to God? America's Christians will. In their churches they'll repeat the ancient chant: "O give thanks unto the Lord, for He is good; because His mercy endureth forever." Psalm 107:1.

If you have no church affiliation, we invite you to take part in our Thanksgiving service.

BITS O' TALK

Mrs. Harry McEvers and Mrs. Charles Moshier made a trip to Gaylord Tuesday of last week. On their return Mrs. George Worthy of Horseshoe Lake accompanied the ladies back to Grayling to visit her daughter, Mrs. McEvers and family for some time.

Charles McEvers and son, Hubert, returned last Thursday after spending a week deer hunting at their cabin in the Tahquamenon Swamp in the U. P. The men report that there was four feet of snow in their location during last week's storm, which somewhat interfered with hunting.

Mrs. G. D. Vallad, who is visiting her son, Warren in Kalkaska, had the misfortune to fall down stairs Monday of last week, breaking her arm in three places. She was hospitalized for a few days but is back at her son's home, coming along well at this writing.

The McVal Lumber mill was closed for the first two days of deer season to allow the men to hunt and to remain closed until last Monday because the sawyer, Emmie Kratochvil, came down with a case of mumps. The mill is now reopened, with other assistance for the present.

Mr. and Mrs. Jack McMillan received a visit from her sister, Mr. and Mrs. Ira Bennett of Central Lake Sunday of last week. This was a return visit from the previous week. The McMillans called on Mabel Brasile while they were in Central Lake.

Mr. and Mrs. Harold Long entertained her brother, Frank Castle of Rochester and his friend Larry Staub of Detroit from Monday until last Sunday. Also staying with the Longs is her aunt, Mrs. Albert Knezek of Detroit.

Members of the Pine Ridge Lodge who have been staying since the opening of deer season include George Burke of Grayling, Larry McNamara, who got his buck the opening day, Wade Henderson and Harold Wilson of Tecumseh, Larry's uncle, Frank McNamara, and Fred Frouwne of Flint, and Jack Woods of Gladwin. The two men from Tecumseh were dinner guests at the George Burke home Sunday a week ago.

Mr. and Mrs. Darrell Ashton of Saginaw stayed at his parents' home, the Kenneth Ashtons while the latter were deer hunting last week at Bois Blanc Island. Darrell filled his deer license the first day of the season.

Mr. and Mrs. Larry McNamara attended a turkey shoot at Pinconning Sunday a week ago. Larry was successful in bagging a turkey.

Mr. and Mrs. Claud Parker have had flying visits from several friends and relatives during deer season. Mr. and Mrs. Wayne Lay of Lansing stopped in on their way north the Sunday before deer season. Claud's brother Edward Parker of DeWitt was a visitor the day before, and on Monday Mr. and Mrs. Bill Cornell of Okemos paid a call before continuing to the U. P. The Cornells stopped in on their return home last Thursday night to show their buck.

Orlin Hamacher of Detroit who recently bought "Jesse's Ranch" restaurant at Lake Margrethe reports that Lester "Lefty" Bangs is chef. "Lefty" is a professional chef and is anxious to prove what he can do on the grill and in the oven. Hamacher, during the winter season, will be host, the waiter, and dishwasher operator! Both Hamacher and "Lefty" are World War II veterans, and bachelors.

Perry Wells of Lansing spent last week visiting his mother, Mrs. Tom Wells. Perry shot a 9-pointer the first morning of deer season.

The Joseph Mahars of Bay City are spending deer season at their summer home on the AuSable River.

Mr. and Mrs. Walter Kinch of Traverse City were callers Sunday a week ago at the home of Mrs. Bessie Miller.

Mr. and Mrs. Edward Martin of Lansing spent last week and with her parents, Mr. and Mrs. T. P. Peterson.

Tech. Sgt. and Mrs. Jack Moore of Selfridge Field visited his parents, Mr. and Mrs. Alvin Moore last week. Clarence and Orville Sillman of Fowler were also hunting guests last week.

Mr. and Mrs. James Send (Della Annis) of Flint announce the birth of a daughter, October 29th. She weighed 8 lbs. and 5 oz. and her name is Carol Jean. Mr. and Mrs. Homer Annis of Grayling and Mr. and Mrs. Allen Send of Flint are the grandparents.

Dr. and Mrs. B. E. Henig entertained several friends at a party in celebration of their 11th wedding anniversary last Thursday evening. All met at the Henig home for cocktails, then progressed to Camp Shoppemong for dinner. The Henigs received a lovely gift from their friends.

Mrs. Robert Strong entertained several ladies to an aluminum ware demonstration dinner at the Stronghold Monday of last week. Bob Moresky of Dearborn visited his aunt and uncle, Mr. and Mrs. Leo Moresky during deer season until last Thursday. With him were Don Fraser and Earl Earl got his deer the first day.

Jerry McEvers shot a ten-point buck the opening day of deer season. This is Jerry's first buck. His brother, Ted McEvers, was also lucky. He shot a 4-pointer the first day, of about the same size as Jerry's.

Fred Bear hunted for deer in company with Arthur Godfrey at the William Boyer estate near Rose City from Sunday until Wednesday of last week. The weather interfered with the hunting, but an exceedingly good time was had by all.

Mr. and Mrs. Bennie Allen of Lansing spent last week with her parents, Mr. and Mrs. Clair Smith. Mrs. Dan Hoelsi returned Saturday a week ago after visiting her parents, Mr. and Mrs. William Blanchard in Flint the previous week. The Hoelsis brought Mrs. Hoelsi home and remained over Sunday.

Fred Hoelsi of Holland spent last week with his parents, Mr. and Mrs. Dan Hoelsi. Mrs. K. K. Kitchell left Tuesday of last week to attend the funeral of a cousin, G. W. Lucas, in Flint. She returned the following Thursday. Jim Kitchen, her son, and Ted Davenport, both of Mt. Pleasant, came up Monday night to hunt the first day of deer season, returning Tuesday night.

Glenn Penrod was among the hunters to get his buck the first morning of deer season. Mr. and Mrs. Lawrence Malloy and daughter, Maureen, and Ray Lee, of Detroit, spent the week end before last with Mrs. Emma Lovely. Mrs. Malloy, who is Mrs. Lovely's sister, stayed for a week and also visited her sister, Mrs. Suzy Bousley and brother, Mr. and Mrs. Middle LaMotte.

Ernest Lovely and his brother, Larry, of Auburn arrived Monday of last week to stay with their grandparents, Mr. and Mrs. Ed Confer. They returned home the following night, with no buck as yet. Mike Kott and son, Harold, of Flat Rock, and Leonard Hoerl of Taylor Center spent last week visiting the latter's brother, Mr. and Mrs. Harry Hoerl. Mike and Leonard each got their bucks, Leonard the first day and Mike the second.

Mr. and Mrs. Charles Muth entertained her parents, Mr. and Mrs. William Wilson and sons, James and "Buzz" of Detroit last week, for deer hunting. Chuck got his buck the first day of the season.

Jack Barber of Dearborn and Raymond Smucker of Detroit spent the first of deer season with Mr. and Mrs. Forrest Barber. Forrest was home for a few days. The Wednesday Bridge Club met last week at the home of Mrs. Menno Corwin. Prizes were won by Mrs. Carl Richardson, Mrs. Tom Welsh and Mrs. Joseph Stripe. Mrs. Frank Bond won the

galloping prize. The ladies of the club presented a gift to Mrs. Leonard Knibbs, with an accompanying gay little tune. Mrs. Gail Davenport and Mrs. Harold Farmer were guests for the evening. Mr. and Mrs. Ernie Rokos of Traverse City visited the latter's parents, Mr. and Mrs. George Sisking, Tuesday and Wednesday of last week.

The Carl Leslies have been entertaining her uncle, Paul Bennett and his nephew, Donald Bennett of Hubbardston during deer season.

Mrs. Schuyler Gibson was home on a week end pass from the TB Sanatorium in Gaylord recently. Her brother, Mr. and Mrs. Druglas Knuth and children of Flint, came to visit his mother, Mrs.

David Knuth, at the Gibson home week end before last and to stay for the first three days of deer season. Max Davenport of Marysville arrived last Thursday to spend a few days at his cabin on the AuSable for some deer hunting. Robert Lovell returned home Tuesday of last week from Ripley, Ontario, where he has been employed for the past few weeks. Mr. and Mrs. Lloyd Berry, Jr., and children of Pontiac, stayed on with his parents, Mr. and Mrs. Lloyd Berry, Sr., and Lloyd, Jr., was lucky enough to shoot his buck the first day of the season. They continued on to the U. P. for a few days and stopped in for the week end with the Berrys before returning home.

Future Looks Bright

If a comparatively short time ago, anyone had predicted that we were on the verge of a \$400,000,000 economy (which means that we would turn out goods and services of that value in a year) many would have regarded this as almost unbridled optimism. Yet the other day Dr. Arthur F. Burns, Chairman of the President's Council of Economic Advisors, expressed confidence that we will not only reach that mark but go well beyond it. And Dr. Burns is a highly regarded expert with a reputation for caution when it comes to making forecasts. Current experience backs him up—in the third quarter of this year our production was at the annual rate of \$390,000,000,000, far above the same period of 1954.

In one of his recent syndicated columns Robert S. Allen described an "inside report" on business thinking made by another top official—Dr. Gabriel Hauge, Administrative Assistant to the President on Economic Affairs. Dr. Hauge also stressed the magic \$400,000,000,000 figure, and said that it will be reached this quarter and exceeded next year. Actual production has been outrunning past government estimates by a spectacular margin. According to Mr. Allen, Dr. Hauge's summary was strongly confident about everything in the economic picture with the exception of agriculture. And this problem, Dr. Hauge is reported to have said, is particularly bothersome for political reasons. He added that there is no Administration plan for abandoning Secretary Benson's flexible price support program—that, instead, the effort will be made to safeguard and strengthen it.

Nothing is more dangerous than long-range forecasting, of course. It would be a foolish man indeed who would state categorically that the U. S. economy can go up and up ad infinitum. But it is a fact that we made the transition from active war to peace without the big downturn that many thought inevitable. The comparatively mild post-Korean decline was brief, and since then, with few exceptions, the indicators have been rising.

Newsweek recently listed a few of the good signs.

The church is holding Sunday morning to the Union Thanksgiving Service scheduled for 10:30 A. M. Rev. Wayne Root, pastor of the Free Methodist Church, will deliver the sermon. All Christians of the community are invited to attend this co-operative service.
 Rev. R. C. Puffer will leave Friday for the White House Conference in Washington, D. C., to which he is a delegate. On Sunday, November 27, he will preach in Newark, N. J. In his absence from his own pulpit, the morning worship service will be planned and conducted by the Women's Society of Christian Service.
 The entire church joins in honoring Jim and Marian Lamy as they leave Grayling for a new position in Alpena. They have been active in all departments of the church program and will be greatly missed. A potluck supper has been planned for Nov. 30, a farewell party, and all members and friends of the church are invited to attend. Bring your own table service and a dish to pass.
 Three banner classes were reported Sunday morning as perfect attendance was chalked up by both fourth grade classes and the seventh grade. The fourth grade boys now have a record of more than two months of perfect attendance for the entire class.
 The Commission on Education and the Church School Staff were scheduled to meet Tuesday evening. Details of the Christmas program and other matters were to be discussed.
 A social meeting for the Primary Department was announced for Wednesday afternoon. This is one of a series of meetings sponsored by the W. S. C. S. and conducted by Mrs. Matt Edson.
 The Junior Fellowship was to resume Wednesday after the interruption due to the redecorating program. The most urgent project for the Juniors at present is preparing a box to send to Mexico. One group of girls planned to make and stuff soft toys, and the boys will also include material for bandages, surgical dressings, and perhaps some medical supplies.
 Wednesday — Primary Department, 3:30; Junior Fellowship, 6:30.
 Thursday — Union Thanksgiving Service, 10:30.
 Sunday — First Sunday in Advent. Morning service conducted by W. S. C. S.
 Tuesday — W. S. C. S. Board, 8:00.
 Wednesday — Junior Fellowship, 3:30; potluck dinner, 6:30, honoring the Lamy family.

Well six days have gone an even if Mort Neffs T. V. program gave us a bad break on the amount of deer in the Grayling area, we think very many of our hunters are satisfied. We have had wonderful hunting weather and good tracking snow. Several very nice bucks, two coyotes and one bear shot by Ernest Lakke of Flint.

Mary and Fred Lucklett are hunters. But when Fred has to steal my hat for luck, that's it.

Our smallest mother was back again, but in a hunting suit. "Wonder".

Herb Leece went home with his buck to do a little bragging.

Elmore, Ohio, is well represented, although they have not filled up as yet. Bud is still as noisy as ever. Mrs. Beatty from the Alden Bar and friends are paying their respects. There is another nice place to go on Torch Lake at Alden.

Cecil Greentree from Grand Rapids got the coyote that was hanging in the tree at Bud Leece's Trading Post, with horns fastened on to its head. Well horns are horns.

Herb Leece and Al King's are doing good fishing on Bear Lake, varying in size from 14 to 16 inches.

More very sad news, Red Robinson is very low in Butterworth Hospital in Grand Rapids. Their summer home is East Lake. Hoping you will be better soon, Red.

Well, guess I have finished, see you next week. Oh, if any one around Bear Lake wants to subscribe to the Crawford Avalanche, stop in and see me.

Bud Thayer of Flint, who with his father Clarence and brothers Red and Dennis visited the Leonard Hayes last week, shot his first deer, a nice 6-pointer, after hunting for 14 years.

Walter LaMotte, Jr., and his wife, and her parents, Mr. and Mrs. Troy Canamore, all of Flint, spent Sunday with the Walter LaMottes, Sr. Bayward, LaMotte of Fort Huron, another son, spent the weekend deer hunting at the Emerson Brown cabin on the East Branch, and shot an 8-pointer.

Esbern Hanson, Jr., of Bay City spent Sunday with his parents the Esbern Hansons.

Mr. and Mrs. Charles Piper traveled to Chicago last Thursday on business for the Piper Baking Co. They flew back to Detroit and took in the Michigan-Ohio State football game Saturday, and visited their mothers, Mrs. Carolyn Piper and Mrs. Pearl McFarland over the weekend.

Ronald Smith of Ferris Institute and Jerry Smith of Grand Rapids with another friend spent last weekend at Camp Arrowhead.

Visitors at the Thane Henderson home Saturday evening were Ed Tickner and son Bob of Grand Rapids. Mr. and Mrs. H. J. Fiedler of Grand Rapids spent the first week of deer season at the latter's mother's cottage on the Manistee river, and while here visited the Hendersons several times during their stay.

CARS FOR SALE

by ART GOODRICH

Hidden away on a ranch near Hollywood is one of America's most amazing, and valuable, used car lots. We're pretty proud of our used cars but this one, we'll have to admit, has us beaten all hollow.

No one except a few hand picked actors and directors and a few mechanics is ever permitted to look over the Warner Bros. collection of 160 antique and foreign cars. There are rows and rows of them, a 1903 White, 1906 Franklin, 1904 Tourist (with a fringe on top and a door in the back), a 1914 Mercer and so on. The most modern of the collection is a 1936 model which is brought out for movies with scenes depicting pre-war days.

For that, of course, is the reason Warner Bros. maintains this unique collection, to give reality to pictures of other days. There are also, to a friend tells me, antique foreign cars in the collection. A 1903 Renault taxi, the French Peugeot coupe, an early British Austin and a German Open.

Every one of them is in perfect running order and gleams from careful attention. In fact, a man has to be assigned to throw mud on them so they'll look more realistic in the movies.

The star of the collection is a 1900 Stevens-Duryea, a two-passenger runabout with huge spoke wheels and a tiny engine. It too, runs perfectly.

This is an outstanding example that with careful attention and regular servicing an automobile will last a mighty long time after one owner has passed it along to another. That's the basis of the used car business. Drop in and browse around anytime; let us show you cars that can fit any taste. We'll tailor terms to fit your individual budget too.

Say, by the way, we have quite a number of really hot buys in some really sharp, sweet running used cars over here right now. For instance, there is a 1933 210 two door with Powerglide and heater as well as plenty of other extras that you can have for only \$895, if you will see Alex or me before Monday morning and that 2 tone Chevrolet powerglide 4 door that sits on the lot is the one my wife used when we were in Flint. That's fully equipped too and goes for only \$755.00.

Got 2 or 3 station wagons too that are in wonderful condition and priced right. There are lots more and our prices range from \$255.00 for a 1948 Chevrolet to \$2,945.00 for the 1955 Mercury that Art Clough traded in. You can't go wrong when you buy one of our reconditioned used cars. They are guaranteed and we mean what we say about that. Oh, yes, I almost forgot, 1956 license plates are free on any used car we sell from now until January 1, 1956.

Pittsford, a life-long friend of our

wife.

John Q. Palmer of Fredric has a fresh apple tree of natural fruit which bears twin apples on nearly every branch. They are not very large but he may develop the strain.

J. W. Sorenson's delivery horse came down Michigan Avenue yesterday with only part of the harness attached. We do not know where he left the driver and the rest of the rig.

Our home began giving thanks early in the week, on receipt of a fine cut of venison, sent up by Wingard, "the picture man." He evidently knows our taste, as well as the needs of our table.

Tuesday morning the mercury in the government thermometer registered at 2 degrees. The highest point on Monday was 29 degrees, and ten inches of snow fell between 3 o'clock A. M. and 4 P. M. Winter weather?

Hon. Geo. A. Loud has returned to Washington, to be ready for the session next month.

A jolly lot of ladies braved the storm of the 17th, and spent a most enjoyable day at the home of Mr. and Mrs. Brott, of Simpson Lake. A little early for Thanksgiving, but one in every respect and all did justice to it.

Lovella Localis-Esbern Hanson of Grayling is stopping at the Douglas House a few days or evenings rather, while in search of venison.

C. W. Miller was doing business at Lewiston Tuesday.

A PRECIOUS HERITAGE

Thanksgiving Day is truly an American Day — a happy day of friendly gatherings and feasting, of church-going and football, of enjoying the bounties of our land and thanking God that we can enjoy them. . . . What a lucky people we are! . . .

It's OIL CHANGE TIME! But this year don't just change oil . . .
Change now to Gulf's New Super-Refined GAS-OIL TEAM

No gasoline alone can give you today's finest performance. No oil alone can give you today's finest protection. You need Gulf's GAS-OIL TEAM.

Gulf's New Super-Refined Gas-Oil Team gives you more miles per gallon more miles per quart

DIRTY-BURNING TAIL-END

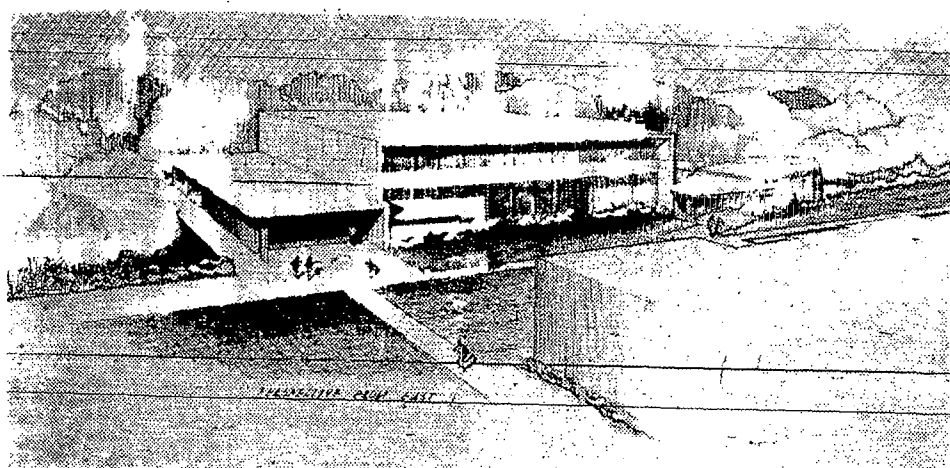

NEW GULF NO-NOX

Gulf No-Nox Gasoline burns clean. Note the black deposit, on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part which Gulf refines out in making New Super-Refined NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now—in your own car—see how new NO-NOX can give you more miles per gallon in the short-trip, stop-and-go driving you do most.

Gulpride Select Oil works clean. Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B . . . C contains the new super-refined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service

In all phases of the game and might well develop into one of the

greatest guards in the school's history. Likewise, Lloyd Failing's drive is showing much improvement and Tony Doremire's set shots are just about perfect. Aubrey Welch, just can't be beat in

as soon as he learns his position for team play, fans will see much of him.
Bob Strong is playing his center spot much better, the coach added. His team work is good and his rebounding has been outstanding. He must become more basketball conscious and when he does, will become a top scorer. Dale Rohde is showing up good on rebounds and supplies needed height in the front line, the coach said. He is a good shot but needs more defensive work to become a front line player.

First Grade News
By Mrs. Matt Edson

We wish to thank the sixteen mothers and one father who visited us during American Education Week. Mark Nelson, our host for the week, was happy to invite the mothers and father to our room. His smile was the biggest and brightest when he met his mother at the door.

If you haven't made your child's heart beat a little faster and the chest increase in size a little bigger by your visit — please try to make some more eyes twinkle and many more toothless grins.

The Red Cross have started a new Reading book, the Butterflies are trying hard to have a new one soon after Thanksgiving.

Our Cowboys and Cowgirls are riding along faster now. We are putting the new words into our thinkers to stay.

Bethel, Kristine, Pat and Sandra have colored pretty red birthday squares on our November calendar. We have had the birthday record sung "Happy Birthday" to them.

In our coat room you will see many pretty new storm coats and snow suits, a long line of new boots. We are ready to live with "Jack Frost" and to play in his white winter blanket. It does take us a little longer to get ready for dismissal.

Best wishes for a "Happy Thanksgiving" to everyone. We in Grayling have many things to be thankful for this year.

For '56 choose FORD...
America's Favorite Station Wagon!

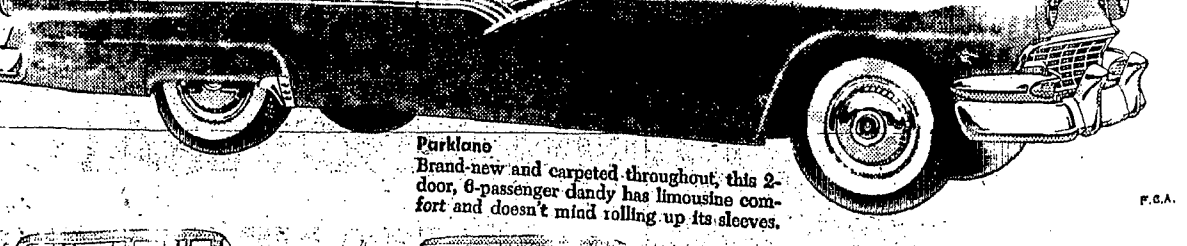

With Thunderbird Y-8 power... Thunderbird styling... and exclusive new Lifeguard Design

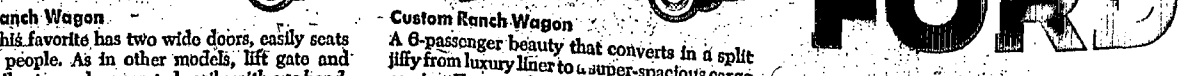

Eight-passenger Country Sedan
More stylish than ever, with new colors... stunning interiors. Like the Country Squire, it has an easily removable rear seat. Four doors give easy access for all eight passengers.

There's more than meets the eye as to why Ford Station Wagons sell more than the two runners-up combined! Their Thunderbird beauty is apparent in all six models. But underneath that beauty there's a heart of "GO" — for the Thunderbird Y-8 engine is the standard eight in all Ford Station Wagons, at no extra cost. If you need any more reasons why Ford is your soundest station wagon buy — look into new Lifeguard Design which was designed for your protection... is found only in the '56 Ford.

Ranch Wagon
This favorite has two wide doors, easily seats 6 people. As in other models, lift gate and tail gate can be operated easily with one hand.

Custom Ranch Wagon
A 6-passenger beauty that converts in a split jiffy from luxury liner to a super-spacious cargo carrier. Easy-to-clean interior can take it.
